FORM CRS (Customer Relationship Summary)

Garrison Point Advisors, LLC doing business as “Treehouse Wealth Advisors” is registered with the Securities and Exchange Commission (“SEC”) as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/crs), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to “retail” investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: **Portfolio Management Services; Financial Consulting Services; Selection of Other Advisers; and Wealth Planning Services.**

Account Monitoring We monitor portfolios on a continuous basis and will conduct account reviews with clients (subject to client availability), at least annually.

Investment Authority We manage investment accounts on a **discretionary** basis whereby **we will decide** which investments to buy or sell for your account. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing. We also offer **non-discretionary** investment management services whereby we will provide advice, but **you will ultimately decide** which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Investment Offerings We offer advice on the following types of investments or products: equity securities, corporate debt securities (other than commercial paper), municipal securities, United States government securities, money market funds, structured notes, mutual funds, ETFs, and private fund investing.

Account Minimums and Requirements In general, we do not require a minimum dollar amount to open and maintain an advisory account; however, we have the right to terminate your account if it falls below a minimum size which, in our sole opinion, is too small to manage effectively.

Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Items 4, 7, 13 and 16 by clicking this link <https://adviserinfo.sec.gov/firm/summary/292016>.

Key Questions to Ask Your Financial Professional

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

What fees will I pay?

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services.

- **Asset Based Fees** - Payable quarterly in advance. Since the fees we receive are asset-based (i.e., based on the value of your account), we have an incentive to increase your account value which creates a conflict especially for those accounts holding illiquid or hard-to-value assets.

Examples of the most common fees and costs applicable to our clients are:

- Custodian fees;
- Account maintenance fees;

- Fees related to mutual funds and exchange-traded funds;
- Transaction charges when purchasing or selling securities; and
- Other product-level fees associated with your investments.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

For detailed information, refer to our Form ADV Part 2A by clicking this link <https://adviserinfo.sec.gov/firm/summary/292016>.

Key Questions to Ask Your Financial Professional

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. We have a conflict as the more assets we manage on your behalf the more money we earn in fees. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

- Our revenue is derived from asset-based fees, thus we have an incentive to grow your account which could cause us to take aggressive positions in conflict with your objectives and risk tolerance.

Key Questions to Ask Your Financial Professional

- **How might your conflicts of interest affect me, and how will you address them?**

Refer to our Form ADV Part 2A by clicking this link <https://adviserinfo.sec.gov/firm/summary/292016> to help you understand what conflicts exist.

How do your financial professionals make money?

Our Company and the financial professional servicing your account(s) are compensated based on: salary and bonus based on the percentage of assets under management. Compensation paid to our financial professionals involves a conflict of interest because they have a financial incentive to refer clients to our firm.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and our financial professionals currently do not have any legal or disciplinary history to disclose. Visit Investor.gov/CRS for a free and simple research tool.

Key Questions to Ask Your Financial Professional

- **As a financial professional, do you have any disciplinary history? For what type of conduct?**
